

Services for Carers in Flintshire

August 2017

This list is compiled by NEWCIS and Flintshire County Council Social Services. It shows some of the help available for unpaid carers. A carer is anyone looking after a family member or friend, who because of a long term illness, disability, mental health problem or addiction cannot manage without this support. Contact NEWCIS on 01352 752525 for more information.

NEWCIS – Carers Information Service

NEWCIS delivers a wide range of information and support to adults caring for a person in Flintshire for free and in confidence. The NEWCIS carers' newsletter produced quarterly helps to keep carers up to date on both local and national news, services, training, events and carers issues.

NEWCIS runs a training programme for carers in four key areas: practical skills, emotional support, leisure/hobby activities and employment support. Courses include moving and positioning, first aid, stress management, painting and IT.

NEWCIS facilitates a weekly drop in at Mold Carers Centre and monthly support groups. Holistic therapy and counselling appointments are available with NEWCIS and can be booked free of charge on 01352 752525.

NEWCIS provides a voice for carers representing the views of carers in planning and developing carers services, both locally and nationally, with partners in statutory and voluntary organisations. They organise events throughout the year to inform carers about their rights and services available to them. This includes Carers Week and Carers Rights Day.

NEWCIS has a grant scheme to assist carers with practical needs such as gardening, home maintenance, a holiday or piece of equipment.

NEWCIS coordinates the Bridging the Gap Respite Scheme, offering carers a flexible break scheme both planned and emergency. NEWCIS can provide respite day care on a Saturday for those suffering from dementia.

NEWCIS has services available for those who care for people with dementia in the community. These services include exercise scheme for carers and cared for with dementia, dementia friendly gardening sessions, counselling for carers of people with dementia. We also have access to small grants for communities to become dementia friendly, access to reminiscence packs and pods in the community through a partnership with Flintshire County Council.

Carer Wellbeing Project is a new Big lottery funded work stream that will support carers to improve their own wellbeing and those of the people they care for. The Project offers one to one support, Advocacy, Welfare Rights Advice, breaks and respite and activities and events.

Young Carers

Young carers are children who help look after a member of the family (can include siblings) who is sick, disabled or has mental health problem, or is misusing drugs or alcohol.

Their day to day responsibilities often include: cooking, cleaning, shopping, providing nursing and personal care and giving emotional support.

With so many adult responsibilities, young carers often miss out on opportunities that other children have to play and learn. Many struggle educationally and are often bullied for being 'different'. They can become isolated, with no relief from the pressures at home, and no chance to enjoy a normal childhood. They are often afraid to ask for help as they fear letting the family down or being taken into care. So it's really important they know we can support them.

Young Carers are entitled to Young Carers Assessments. This means that Barnardo's or Social Services will want to meet with the family and try to understand the caring role the child is undertaking, how this might be affecting them and what support we could help them and the family with.

The assessment must involve speaking with the child, their parents and any other person that the child requests to be part of the assessment.

The assessment itself must look at whether or not the young carer wishes to continue caring, and whether it is appropriate for them to continue caring.

When completing an assessment we will look at any education, training, work or recreational activities the young carer is or wishes to participate in.

Where a young carer's eligible needs are identified as requiring support we can provide the following services through Barnardo's:

- 1.1 support and counselling
- Training and activities
- Peer support
- Linking young people with local clubs and groups
- Advice and Information
- Support to meet the outcomes the young carer wants to achieve.

If you are under 18 and looking after someone, we are keen to make sure that your family gets the support they need. Contact **Barnardo's** on **01352 755422** or **Social Services** for Children on **01352 701000**.
