

## Environment Directorate | Licensing

### List of Licensed Private Hire Operators

#### Licensed Operators in Flintshire

Members of the public would be well advised to contact the Licensing Section if the firm that they intend to use is not shown on the following list, as it may well be that it is not properly licensed or insured for the work that it is carrying out. The Licensing staff will be able to give further advice on this. An unlicensed operator using unlicensed vehicles and drivers will not have been subject to the rigorous safety and suitability checks that the Authority makes before licensing any vehicle or driver.
