Stage 2 public consultation findings – draft Place Making Plan for Mold

The purpose of the consultation was to obtain views from local residents on the draft Place Making Plan for Mold. Flintshire County Council launched an online survey via 'Give My View' online platform between 27th February 2026 and 16 March 2026. Alongside this, local people had the opportunity to participate in-person at Mold Library between 3rd March and 13th March 2026.

This summary of findings below includes responses from both online and in-person participants.

Question 1: Have you heard about Place Making work in Mold?

Response	In-person	Online	Total
Yes	2	96	98
No	3	359	362
Total	5	455	460

Question 2: Have previously responded to a Place Making survey?

Response	In-person	Online	Total
Yes	1	73	74
No	4	334	338
Total	5	407	412

Question 3: Do the proposed Place Making Plan priorities reflect the needs of Mold?

Score	1	2	3	4	5	6	7	8	9	10
In-person	-	-	-	-	-	-	1	-	2	-
Online	7	2	15	13	26	28	52	52	30	38
Total	7	2	15	13	26	28	53	52	32	38

Question 4: Is the proposed approach (to implementing the Place Making Plan) sensible?

Score	1	2	3	4	5	6	7	8	9	10
In-person	-	-	-	-	-	-	-	2	3	-
Online	3	1	4	7	27	24	47	59	26	25
Total	3	1	4	7	27	24	47	61	29	25

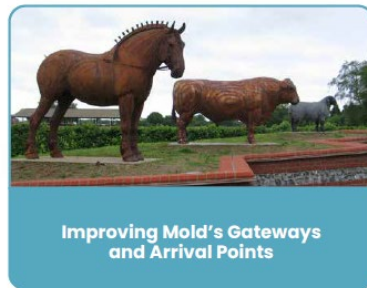

Two short presentations for participants to watch regarding proposed priorities and proposed approach to implementing the Place Making Plan for Mold were inserted in the online survey via Give My View. These elements of the consultation were to provide information and raise awareness and were not part of gathering responses from participants. At in-person consultation events, display materials to provide the equivalent information were left in site at consultation venues.

Key findings:

- Awareness of the Place Making Plan development work in Mold remains low amongst residents, with 78.7% (362 of 460) of respondents indicating that they had not previously heard about the work.
- 82% of respondents (338 of 412) stated that they had not taken part in the Phase 1 Place Making Plan consultation for Mold which was conducted in 2024.
- Responses to the proposed eight 'People' and 'Place' themed priorities (as per image/ titles below) as proposed in the draft Place Making Plan were generally positive, with 85.7% of respondents rating between 5 and 10 (out of 10) on the scale*, 45.1% of which scored 8 or over.

**scale of 1 to 10; with 10 being rated as respondents fully agreeing, and 1 representing non-support for the proposed Place Making Plan priorities and approach to delivering the Place Making Plan for Flint).*

Place Opportunities

People Opportunities

- Responses to the proposed approach were generally positive, with 93.4% of respondents rating between 5 and 10 (out of 10).
- 6.6% of respondent did not agree with the proposed approach (due to scoring the questions 4 or less out of 10) – all of these were from online participants.
- The opportunity to speak to officers of the Council's Regeneration Team (which is responsible for co-ordinating the development of Place Making Plans for towns across Flintshire) led to two-way dialogue and the opportunity to check local

people's understanding of the proposed Plan and approach to its delivery. This was not possible via the online consultation methodology. This may be the difference between 0% of in-person respondents awarding lower scores (4 or less – out of 10) to questions 3 and 4, than those participating via the online survey.
