Notes

Further information relating to the Matters Arising Changes consultation can be found at www.flintshire.gov.uk/ldp

A separate form should be completed for each representation that you wish to make.

Include all the information, evidence and supporting information necessary to support / justify your representation.

Please attach additional sheets where required, clearly numbering each consecutive sheet and indicate on the form each individual additional document submitted.

Your representation should be set out in full. This will help the Inspector to understand the issues you raise. However, it would be helpful if the comments boxes within the form could be limited to 500 words. It may be helpful to provide a summary within the comments box and a more detailed submission as a separate document.

Petitions - Where a group shares a common view on how it wishes the Plan to be changed, it would be helpful for that group to send a single form with their comments, rather than for a large number of individuals to send in separate forms repeating the same point. In such cases the group should indicate how many people it is representing and how the representation has been authorised. The group's representative (or chief petitioner) should be clearly identified. Signing a petition does not prevent the submission of individual forms.
