<p>This representation is submitted in support of Matters Arising Change (MAC) 115 – the addition of a new appendix as section 16 ‘Appendix 3 – Housing Tables’.</p> <p>In particular, this representation supports the identification of ‘Ash Lane, Hawarden’ (site reference HN1.8), within the ‘Appendix 3 a) The Timing & Phasing of Allocations’ table, as a residential allocation for 288 dwellings to be delivered between 2023-24 and 2029-30.</p> <p>As indicated within this table, the representors [REDACTED] have, and continue to, receive significant interest in the site from housing developers given the site’s location. The site is located within one of Flintshire’s ‘hot spots’ in terms of housing development. It is also located in close proximity to public transport, employment opportunities, community services and facilities and also within an area unaffected by the phosphate issue that affects other proposed housing site allocations.</p> <p>As detailed within their Deposit Plan representations, and identified in the proposed housing table, the owners have been working in partnership with a potential development partner, a housing developer with a track record of delivering residential developments across North Wales, to progress the development of the site. A number of background and technical studies (e.g. ecological, transport and heritage assessments) have been prepared, including those previously submitted in support of the site’s allocation.</p>		

A significant amount of work is therefore readily available to inform and accompany a subsequent planning application for the site and it remains the owner's intention that statutory pre-application consultation will be undertaken rapidly following adoption of the Plan.

Given the above, [REDACTED] remain confident that the site is capable of proceeding at the rate of development indicated in table 'Appendix 3 a) The Timing & Phasing of Allocations'.

	Test 2 Is the Plan appropriate? (Is the Plan appropriate for the area in the light of evidence?)

Please explain why the MAC is not sound or explain what changes need to be made to the MAC to make the Plan sound, in the box below:

Notes

Further information relating to the Matters Arising Changes consultation can be found at www.flintshire.gov.uk/ldp

A separate form should be completed for each representation that you wish to make.

Include all the information, evidence and supporting information necessary to support / justify your representation.

Please attach additional sheets where required, clearly numbering each consecutive sheet and indicate on the form each individual additional document submitted.

Your representation should be set out in full. This will help the Inspector to understand the issues you raise. However, it would be helpful if the comments boxes within the form could be limited to 500 words. It may be helpful to provide a summary within the comments box and a more detailed submission as a separate document.

Petitions - Where a group shares a common view on how it wishes the Plan to be changed, it would be helpful for that group to send a single form with their comments, rather than for a large number of individuals to send in separate forms repeating the same point. In such cases the group should indicate how many people it is representing and how the representation has been authorised. The group's representative (or chief petitioner) should be clearly identified. Signing a petition does not prevent the submission of individual forms.
