**STATEMENT OF REASONS FOR PROPOSING TO MAKE ORDER**

Flintshire County Council propose the following:

- a. To change the existing 30mph speed limit on the A548 Mostyn Road in Gronant to a 40mph speed limit.
- b. To extend the proposed 40mph Speed Limit into the Denbighshire boundary, therefore reducing the speed limit on a section of carriageway from the existing National Speed Limit of 60mph.

The Authority are reviewing all speed limits within the County, in relation to their suitability to the legislation and the A548 Mostyn Road / Prestatyn Road in Gronant forms part of this.

A most recent Speed Assessment has been carried out, which has concluded that the posted Speed Limit of 30mph is unsuitable for this road when assessed in accordance with current guidance.

The underlying aim of the review, is to provide a safe, efficient highway network with vehicles travelling at appropriate speeds for the characteristics of the road and will ensure the consistency of speed limits throughout the County's highway network.

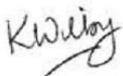

If a speed limit is set unrealistically low for the particular road function and condition, it will likely be ineffective and drivers may not comply with the speed limit. Drivers are likely to comply with and respect lower speed limits where they can see there are potential hazards, for example outside schools, in densely populated / residential areas or villages and in shopping streets, for which a 30mph speed limit is most suited to.

The A548 Mostyn Road / Prestatyn Road, is a well built A road with good forward visibility and development to mostly one side of the carriageway. It is of good width with right turn lanes, to aid the flow of traffic.

The proposed length of 40mph speed limit, will extend into the Denbighshire boundary, thus reducing a section of National Speed Limit to 40mph.

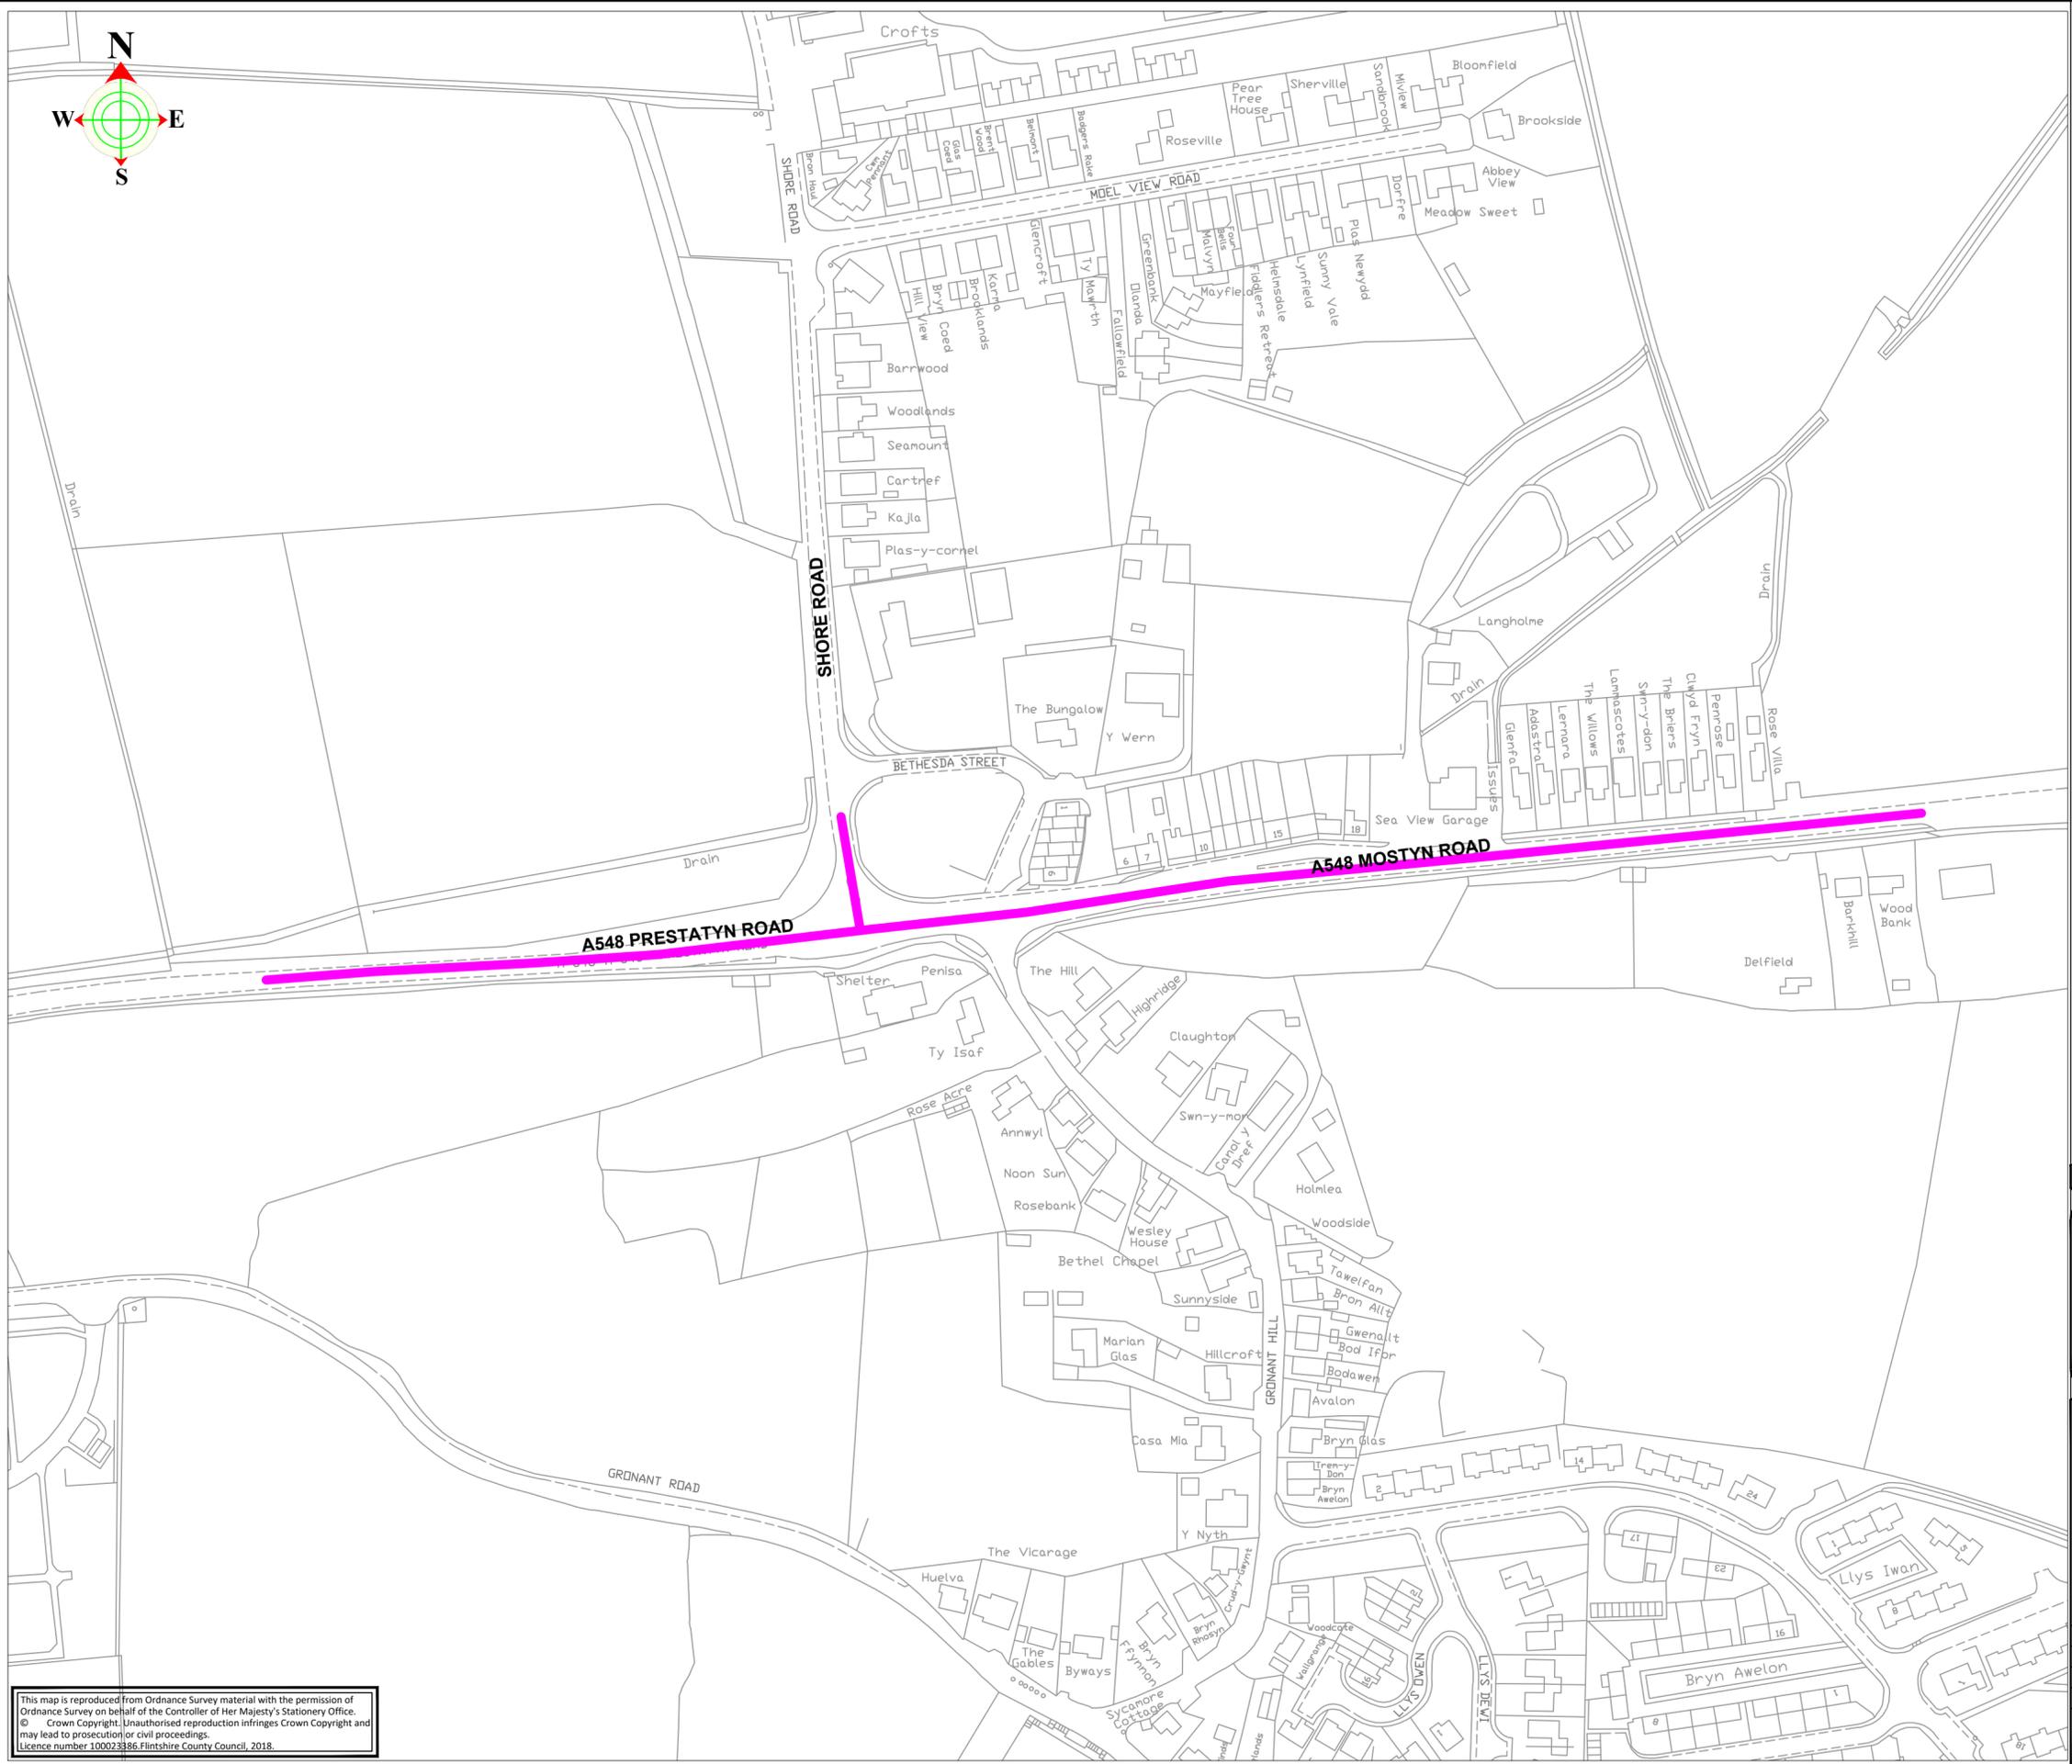

The Authority continues its responsibility to consider the provision of the convenient and safe movement of motor vehicles and other traffic, and the proposed measures are aimed at ensuring that danger is minimised to road users as well as improving the amenities of the locality.

The proposals are detailed in the Public Notice and are contained in the proposed Draft Order.
