PROPOSED PROHIBITION OF WAITING AT ANY TIME**

Statement of Reasons for Proposing to Make the Order

Flintshire County Council proposes to introduce No Waiting at Any Time restrictions (double yellow lines) on the roads specified above.

The proposed restrictions are intended to maintain the safe and efficient movement of traffic by preventing indiscriminate parking that can obstruct visibility, impede through access, and hinder the effective operation of highway junctions. The measures will help ensure that junctions remain clear of parked vehicles, thereby improving sightlines for motorists, pedestrians, cyclists, and other road users.

Parking on or in close proximity to a junction can create safety concerns by restricting visibility and reducing the available carriageway width for passing vehicles. Although parking within 10 metres of a junction is already prohibited under existing traffic legislation and may be subject to enforcement by North Wales Police, the provision of double yellow lines provides a clear and visible indication to motorists that parking is not permitted and reinforces compliance with the existing restrictions. The measures are also consistent with the guidance contained within the Highway Code, which advises drivers not to park on or near a junction where it may cause obstruction or compromise road safety.

The County Council continues its responsibility to consider the provision of convenient and safe movement of motor vehicles and other traffic, and the proposed measures are aimed at ensuring that danger is minimised to vulnerable road users as well as improving the amenities of the locality.

The proposals are detailed in the Public Notice and in the proposed Order.
