(40MPH SPEED LIMIT) (AMENDMENT NO. 25) ORDER 202-**

STATEMENT OF REASONS FOR PROPOSING TO MAKE ORDER

The effect of the Order is to reduce the speed limit on the A550 Penyffordd, to facilitate the implementation of a Toucan crossing in the vicinity of Penyffordd Railway Station.

The reasons for making the Order are as follows:

To enable the safe installation and operation of a Toucan crossing providing a controlled crossing point for pedestrians and cyclists accessing the railway station.

To improve road safety for all users, particularly vulnerable road users, including pedestrians, cyclists, elderly people, mobility-impaired users, and those with luggage, who regularly travel to and from the station.

To improve driver awareness, reaction times, and compliance with traffic signals associated with the Toucan crossing.

To ensure the crossing operates in accordance with current national guidance and best practice for pedestrian and cycle crossing facilities.

To encourage walking and cycling as part of integrated and sustainable journeys to and from the railway station.

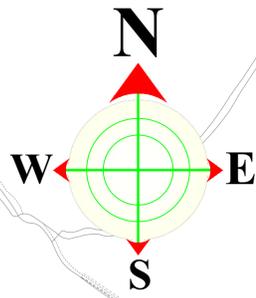

The proposed speed limit reduction is considered necessary and proportionate to achieve these objectives and to secure the expeditious, convenient, and safe movement of traffic, as required under section 122 of the Road Traffic Regulation Act 1984.

The proposals are detailed in the Public Notice and are contained in the proposed draft Order.
