(20MPH SPEED LIMIT) (AMENDMENT NO. 30) ORDER 202-**

STATEMENT OF REASONS FOR PROPOSING TO MAKE ORDER

The reduction of the speed limit to 20 mph by Order is considered necessary and appropriate due to the residential nature of the area, the safe ingress and exit of the village and the presence of a rights of way path which will have an increase in vulnerable road users. The route lacks a footway, requiring pedestrians to share carriageway space with motor vehicles.

The 20-mph limit is therefore justified as a proportionate measure to improve road safety, reduce the risk of injury, and enhance the quality of life for residents, while supporting a safer environment for all users. Due to the nature of the road being narrow, the terminal signage has been located in the first available locations.

The Authority continues its responsibility to consider the provision of the convenient and safe movement of motor vehicles and other traffic, and the proposed measures are aimed at ensuring that danger is minimised to road users as well as improving the amenities of the locality.

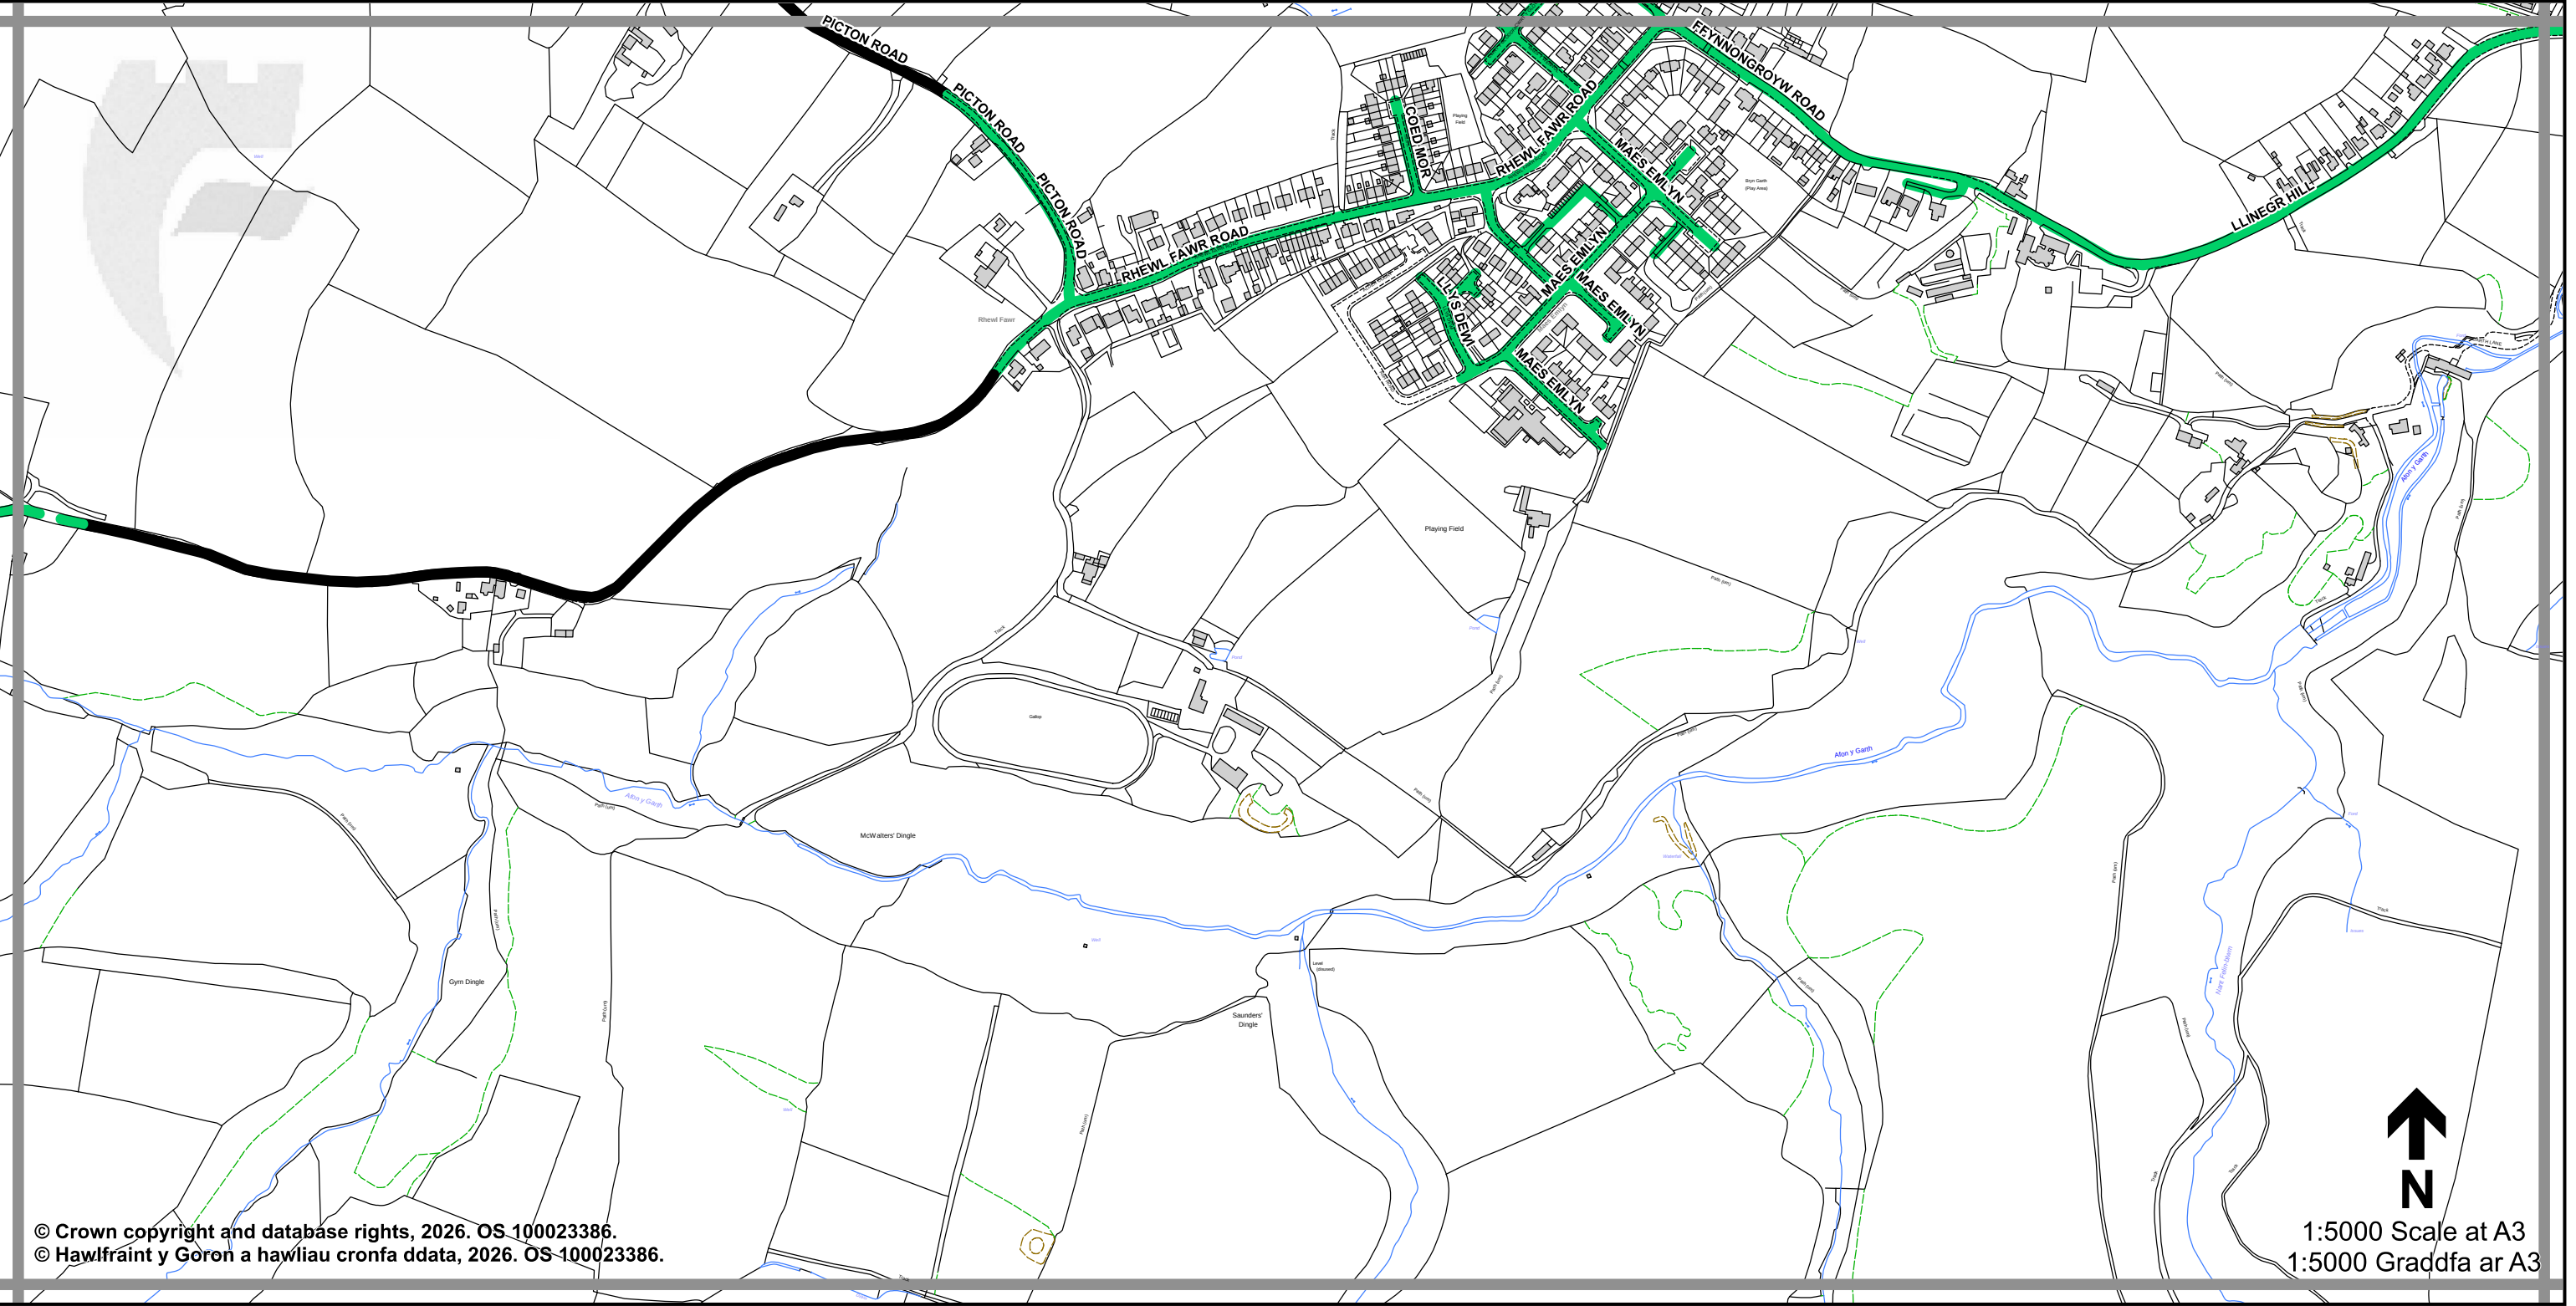

The detailed in the Public Notice and are contained in the Order.
