(20MPH SPEED LIMIT) ORDER 202-**

STATEMENT OF REASONS FOR PROPOSING TO MAKE THE ORDER

The Welsh Government are to introduce a national default 20mph speed limit for residential restricted roads in Wales by August 2023.

In light of this, a bid was submitted to the Welsh Government and as such Flintshire County Council have been successful in obtaining funding to implement a mandatory 20mph Scheme across the inventory of residential roads within Buckley, Mynydd Isa, Drury, New Brighton, Bryn Y Baal, Burntwood, and Alltami, with the exception of the main distributor roads for which will remain at 30mph.

This scheme forms part of the first phase of implementation of a change in default speed limit to 20mph and will bring considerable benefits of improving road safety within the wider residential area. In addition the scheme will also act as an 'enabler' to both facilitate and compliment the implementation of key Active Travel infrastructure within the area, making it safer to walk and cycle within the town and villages.

The advantages to a reduction in speed limit include;

- Improving safety at schools and other locations with high pedestrian traffic
- Improving safety for pedestrians and cyclists
- Discouraging 'rat running' through residential streets
- Improve accessibility by reducing motor vehicle dominance along the highway

The measures come in response to the Public's request to improve walking and cycling infrastructure within the locality, whilst also greatly complimenting the Active Travel project scheduled to commence in Buckley later this year funded by Welsh Government (Transforming Towns).

Implementation of the wider proposals will greatly compliment the Councils aspiration for a low carbon integrated sustainable transport network across the County.

The Authority continues its responsibility to consider the provision of the convenient and safe movement of motor vehicles and other traffic, and the proposed measures are aimed at ensuring that danger is minimised to road users as well as improving the amenities of the locality.

The proposals are detailed in the Public Notice and are contained in the proposed Draft Order.
