PROPOSED PROHIBITION OF NO WAITING

Statement of Reasons for Proposing to make the Order

Following a robust prioritisation process, Flintshire County Council has identified Sandycroft Primary School as the Authorities priority when assessed under the Welsh Governments Safe Routes in the Community initiative.

Following a successful bid to Welsh Government, Flintshire County Council have been successful in obtaining funding to implement substantial safety measures, for which the proposed parking restrictions form part of.

Flintshire County Council propose to introduce No Waiting Monday – Friday 8.30am - 9.30am and 2.30pm - 4.00pm restrictions, in the roads as listed above.

A number of road safety concerns have been raised in regards to problems caused by drivers parking at or near junctions and on both sides of the carriageway. This is causing the road to be narrowed to a single lane leading to and from surrounding housing estates.

The Introduction of the No Waiting restrictions, will improve safety for all road users through the removal of parked vehicles at key locations, whilst also improving traffic flow around Sandycroft Primary School. It will also ensure access is maintained for residents, prevent obstruction and will maintain visibility at the junctions.

The introduction of waiting restrictions on the above roads, will reduce congestion, facilitate improved bus journey times and increase road safety for all users.

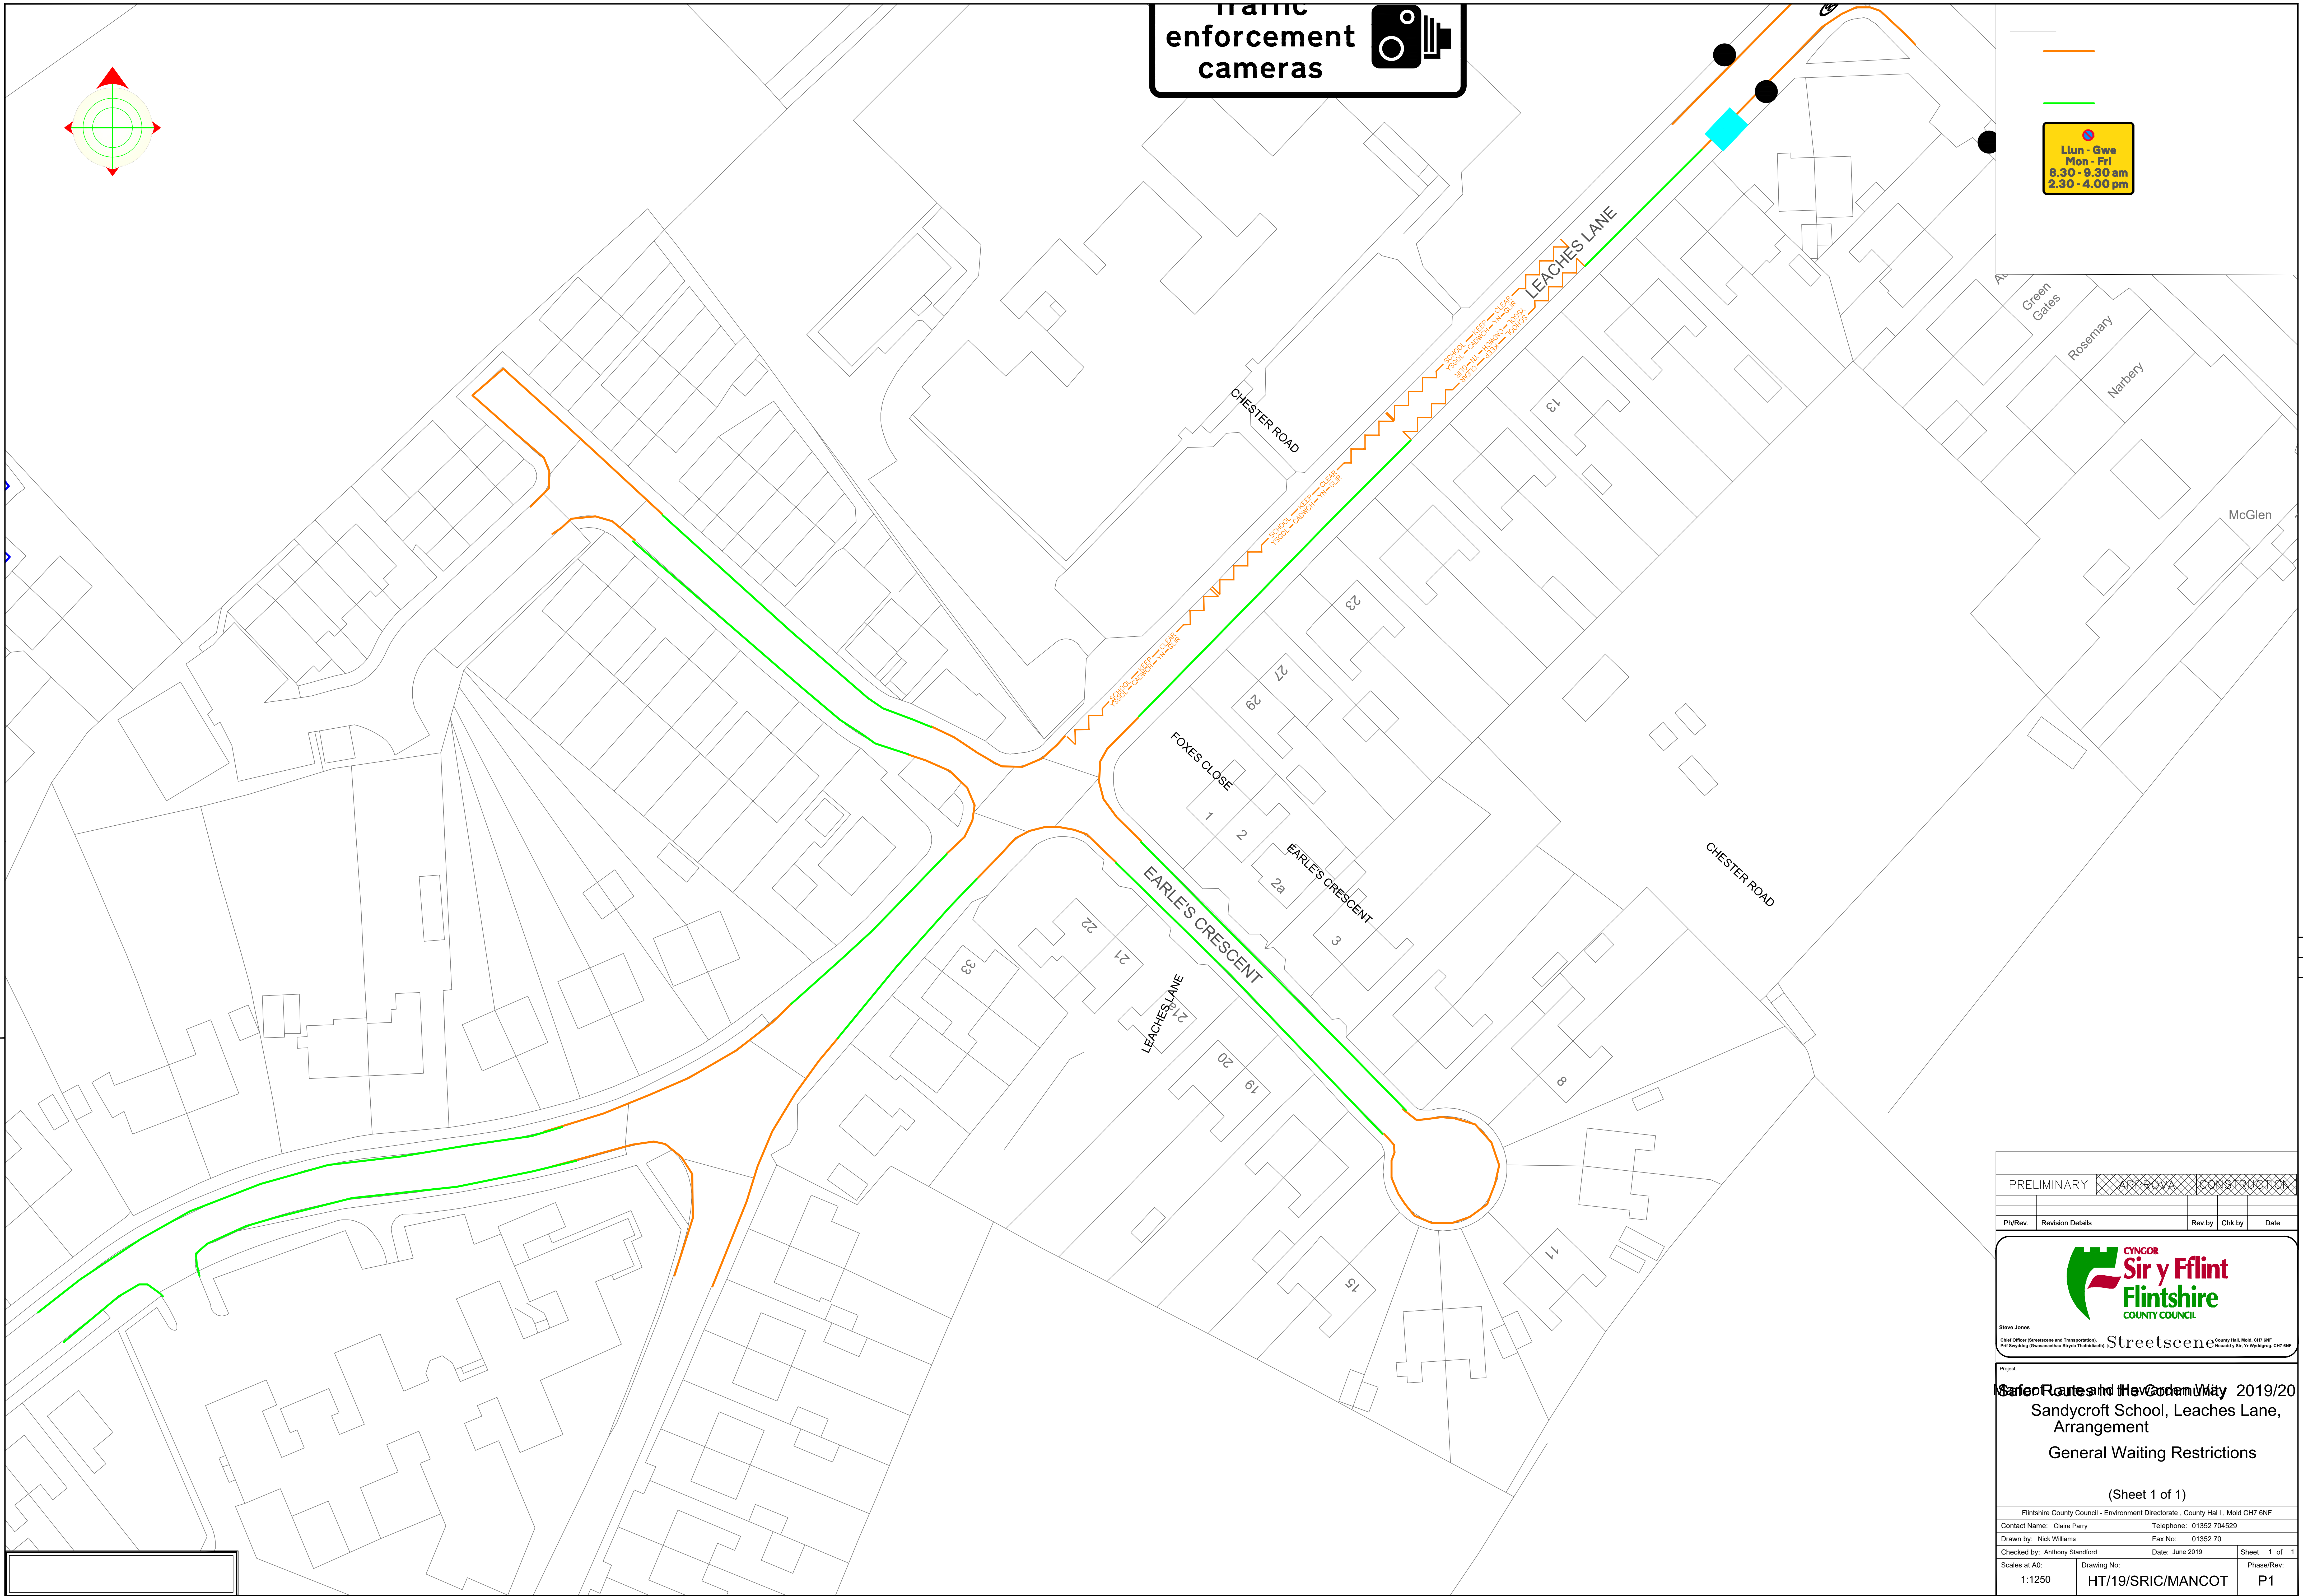

The County Council continues its responsibility to consider the provision of convenient and safe movement of motor vehicles and other traffic, and the proposed measures are aimed at ensuring that danger is minimised to vulnerable road users aswell as improving the amenities of the locality.

The proposals are detailed in the Public Notice and in the proposed Order
