Statement of Reasons for Proposing to make the Order

A successful bid was made to the Welsh Government and as such Flintshire County Council have been successful in obtaining funding to implement substantial safety measures to address congestion and reduce unnecessary vehicle movements experienced along the routes to Ysgol Croes Atti and Ysgol Ty Fynnon.

The Introduction of proposed prohibition of waiting and waiting at any time and no stopping, will improve safety for pedestrians and all road users through the removal of parked vehicles at key locations, whilst also improving traffic flow around Shotton. It will also ensure access is maintained for residents, prevent obstruction, maintain visibility at the junctions and also to ensure that the junctions are not obstructed by parked vehicles.

Parking at junctions, regardless of the presence of yellow lines, is an offence and the restrictions provide a visual deterrent to reinforce this message. At present, should vehicles be parked within 10 metres of a junction, an act of criminality may be committed and would therefore be subject to enforcement action by North Wales Police. Furthermore the Highway Code states that vehicles should not park near or on a junction as they may cause obstruction and compromise safety for all road users.

The County Council continues its responsibility to consider the provision of convenient and safe movement of motor vehicles and other traffic, and the proposed measures are aimed at ensuring that danger is minimised to vulnerable road users as well as improving the amenities of the locality.

Flintshire County Council propose to remove parking restrictions on Bridge Street and Rowden Street in Shotton to create parking provision.
