

To Increase the size of Drury Primary School from 124 to 180 Full Time Pupils

Consultation Document

Children's version

March 2022

Who are we?

Flintshire County Council are responsible for all the schools in our area.

We are part of a team that work for the Council to support schools.

Our Aims

- To give all children the best chance to learn in excellent schools in our area.
- To have safe and strong school buildings.
- To make sure money for children and schools in our area is spent in a fair way.
- To give everyone the opportunity to have their voice heard and listened to, in decisions that affect them.

Changes

It is not always possible for every school to stay as they are and sometimes this means the Council needs to make some important changes.

Changes can help to give everyone the best chance to learn, in the best possible school.

What does this mean?

We are looking to increase the size of Drury Primary School to allow more pupils to attend

We want to increase the school from its current size of 124 to allow 180 full time pupils to attend

We are going to build two classrooms onto the existing school to make this happen

Why?

We are looking to increase the size of Drury Primary School because a number of pupils have been admitted to the school and this has created accommodation problems

Also because more children and young people have arrived in the area due to new homes being built in the area

How long do things take?

1 March 2022

11 April 2022

July 2022

1. People tell us what they think.

2. We collect all the responses and tell everyone what the main comments are.

3. The Council will have a meeting to decide what to do. We will then let everyone know what the decision is.
