What is Carelink?

- An emergency alarm monitoring service giving you the ability to summon help whenever the need arises
- Someone to answer your call at any time day or night, 24 hours a day, 365 days a year
- Activate the Carelink equipment and you will be connected to a trained Operator who will arrange the assistance you need.

Who is it for?

The Carelink service is available to anyone living in the Flintshire area. You may be elderly, suffering ill-health, or disabled or simply living alone and worry about your personal safety. We can help.

What will it cost?

1. A one-off charge of **£25** + VAT is payable for the installation.
2. A rental and monitoring charge of **£2.20** + VAT per week for the unit
