Tell us what you think about Social Services, or why you're unhappy, and we'll listen

Flintshire Social Services aim to provide high quality services. However, there may be occasions when people using or wanting to use our services will want to comment or complain about the service they receive. When you express your concerns or complain we will listen. We need to know if things are going wrong or not happening according to plan so we can review the situation and help put things right for you.

Don't be afraid to complain and please be reassured that just because you make a complaint, any support you receive from us or any of your future dealings with us will not be affected.

Making a Complaint

Stage 1 – Local Resolution

We believe it's best to deal with any issue straight away rather than try to sort the problem out later. If you have a concern, raise it with the person you are dealing with (e.g. your Social Worker). They will try to resolve it for you there and then.

If we are unable to resolve your complaint immediately or by the end of the next working day, you can contact the Complaints Officer directly. You can do this in person, by telephone, in writing or by email. You do not have to put your complaint into writing. The Complaints Officer can be contacted by following the details at the front of this leaflet.

After receiving your complaint:

- Your complaint will be recorded and acknowledged within 2 working days of us receiving it.
- You will have the opportunity to discuss your complaint with a Manager within 10 working days of your complaint being acknowledged. This will be either face to face or over the telephone.
- Every effort will be made to make sure the problems are resolved at this stage.
- Once you and the Manager have agreed on how your complaint will be resolved, they will write to you within 5 working days of that date.
- Occasionally we might suggest mediation or another method to reach resolution.

Stage 2 – Formal Consideration

- If you are unhappy with our response at Stage 1, you have the right to request for your complaint to be investigated independently at Stage 2.
- The Complaints Officer will discuss your request in more detail with you.
- We will appoint an Independent Investigator to look into your complaint.
- These investigations should take 25 working days to complete, but more time may be required depending on the complexity of the complaint.
- You do have the right to take your complaint straight to Stage 2, but we believe the quickest and simplest way to resolve your concerns is to do this at Stage 1.
