List of Care Homes

August 2018

Please note that some Homes may have a third party top up charge. Charges can vary considerably. Where a top up charge is payable, in some cases this may only apply to certain rooms. This does not necessarily mean that all rooms are subject to a top up. Some Homes will negotiate the top up fee payable.

For details of all local care homes, including inspection reports, see the Care Inspectorate Wales website at www.cssiw.org.uk or contact them at:

CIW, North Wales Region,
Government Buildings, Sarn Mynach, Llandudno Junction. LL31 9RZ
Tel: 0300 062 5609 Fax: 0300 062 5030
Email: ciw.north@gov.wales

If you have decided to enter a care home and you have asked the Council for financial help you will be asked to sign a written agreement called the “Individual Placement Agreement”. This agreement shows:

- how much the Council will pay each week towards the cost of your stay and
- how much you will be asked to pay directly to the care home.

Payments made by a third party

The Home you choose can ask for additional amounts of money for the care provided. This is known as a “third party top up”.

Where such a top up is requested by the Home the amount of top up is also included in the Arrangement document which also has to include the name of the person who will be paying it. It is important for you to know that the Government has stated that it is unlawful for the Home to accept the top up payment from you when the Council is paying towards the cost of the care. There has to be someone else (a third party) who agrees to pay and has the financial resources themselves to pay this additional amount.

If the third party stops paying then the Council does not have to pay the top up for the Home you have chosen if we consider that the fees are too high.

Paying additional Costs

A person may choose a care home that is more expensive than the local authority would usually expect to incur for the provision of the accommodation of that type for that person. Where the person has chosen a care home that is more expensive an arrangement will need to be made as to how the difference in cost will be met. This is known as an ‘additional cost’ and is the difference between the amount a local authority would usually pay for care home accommodation of that type for the person and the actual cost of the chosen care home. In such cases, the local authority must arrange for the person to be placed in their chosen accommodation, provided a third party, or in certain circumstances the person in need of accommodation, is willing and able to meet the additional cost. If this is not the

case, then under regulation 3 (Conditions for provision of preferred accommodation) of the Regulations a local authority is able to refuse to provide the chosen accommodation.

Where the Council is not paying anything towards the fees of the care home, that is you are 'self funding', then you are free to pay the full amount of the fee charged by the care home yourself.

Where the Council and you have agreed to a Deferred Payment Agreement then again you are entitled to pay the full fee yourself if you wish. More information about Deferred Payments is available.

If you require any further help in this matter please telephone the Social Services Financial Assessments and Charging Team on 01352 701318.
