Flintshire Destination Management Strategic Plan

2020

1. A Competitive Flintshire

Managing high quality places in Flintshire will contribute to the success of visitor economy businesses but also to the wider business community, for example, town centre retailers and service providers, transport companies and hospitality providers. The approach to destination management will need to include action to support visitor facing businesses to raise their quality and to work together to develop new ways to market the County and provide new products to customers. In addition, action to raise the quality of the key places in Flintshire will help to encourage investment into the County.

2. Sustainable Communities

Effective destination management will have an important role to play as part of the wider approach to rural and town centre development. Visitors have a crucial role to play in increasing the viability of rural services and businesses and High Street retailers. The Destination Management Plan will need to identify how customers can be encouraged to visit and return to key destinations in the County, how the value of their visit can be maximised and how the potential impacts on local people minimised.

3. Employment and skills

At present, 3,163 people are employed directly and indirectly in the visitor economy. The sector provides a full range of career options and can play a significant part in supporting people into work and to progress once there. High levels of skills in the sector will improve the success of businesses and improve the experience for visitors. The sector will need to play an active part in tackling the high levels of youth unemployment in Flintshire.

Flintshire County Council's Improvement Plan sets out the priorities for the 2016/17 year and what we aim to achieve. Setting priorities helps us focus our attention and resources on the things that matter most; there priorities are echoed in the Council's business plan. Tourism has been added to the 2016/17 Improvement Plan as a reflection of the role of the sector in the economy of the County.

Action Plan

The Flintshire Destination Management Plan is intended to be a practice document setting out achievable and measurable actions. We will adopt 'agile' methodology for its delivery as it will evolve rapidly over time to reexternal changes and progress made and will be subject to regular revistakeholders.

The work of the Partnership is intended to contribute towards All Tourism Businesses in Flintshire Fulfilling their Potential and Visitors Reporting a Consistently High Quality Experience.

- Increased employment
- Increased visitor numbers
- Increased visitor spend

It is the role of the Destination Management Partnership to consult with partners and endorse Welsh Government, Economic Ambition Board and Mersey Dee Alliance strategic cross-border priorities that will positively impact on tourism and Destination Management across Flintshire and the wider region including infrastructure, skills, workforce development, supply chain development and major project development.
